Metalde Reenkarnasyon

Maden çağıyla başladı Pirinç, Bakır, Gümüş ile olan birlikteliğimiz..

Asırlar boyu alinteri ve göz nuruyla, bir dantela zerafetinde işlendiler.

Hayat buldu her geçen gün usta ellerde , zaman zaman takı oldu, giysi oldu, eşya oldu yaşamımızın elinde unutulmadan unutmadan!...

Şimdi bizler Dönüşüm Metal olarak sanat tarihimizin modern çizgi ve tasarımlarını, Osmanlı'dan günümüze harmanlayarak Anadolu kültürünü yansıtan yeni koleksiyon ürünlerimiz ile;

Gümüş bir aynada kendinize günaydın demek için;

Bakır cezvede pişirilen geleneksel türk kahvemizin doyumsuz tadına varmak, tarihi yaşamak ve yaşatmak için sizleri “Metalde Reenkarnasyon”a davet ediyoruz.

2000 yılında kurulan Dönüşüm Metal l.t.d.şti. kuruluşundan günümüze kendini yenilemiş, yüksek kalite standartlarına uygun işler üretmeyi hedeflemiştir. Geçmişimizin el emeği ile doğallığını günümüz teknolojisi ile birleştirerek mükemmelliği ön plana çıkarmayı kendine prensip edinmiştir.

İnsana saygı, güvenilirlik, sorumluluk bilinci ve müşteri memnuniyeti öncelikli kalite politikamızın temel taşları olacaktır.

Our journey with Cast, Copper and Silver has started with the Metal age.

They all have been processed gently, carefully skillfully for ages and springing to life.

Sometimes they come out as a dress, sometimes as a jewel, sometimes as an ornament in the hands of craftsmen without forgetting or being forgotten.

Now we, as Dönüşüm Metal, are honoured to invite you to a reincarnation in metal to enliven the history of Turkish coffee, which is cooked in copper and silver coffee pots and served with coffee-cans, to introduce our new collection which reflects the modern lines and designs of our art history from Ottoman times up to now in Anatolia geography to look at ourselves thorough a silver mirror.

Dönüşüm Metal company, which was founded in 2000, has been developed and renewed with the basic principle of producing high quality standart products. The traditional craftsman masterpieces have been combined with the modern technology with the basic principle of perfectism.

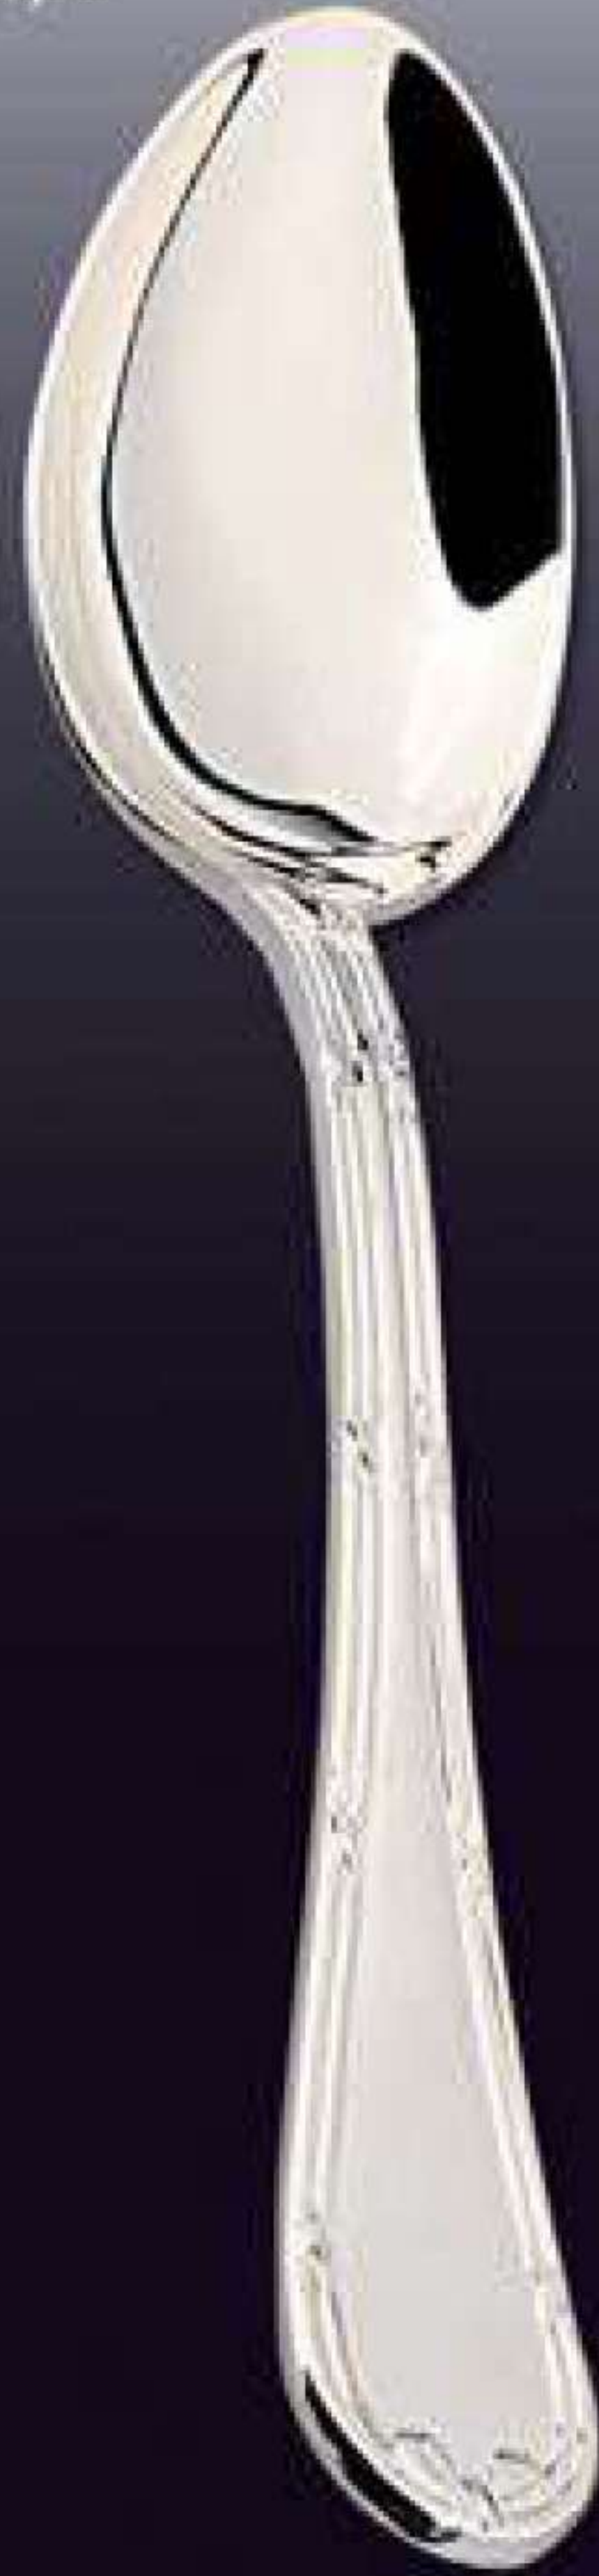

Respecting to humankind, reliability, responsibility, customer satisfaction will always be essential in our quality policy.
